Education

Master of Computer Application

CGPA: 7.74

Graphic Era Hill University

2022 – 2024

Bachelor of Computer Applications

CGPA: 8.01

Graphic Era Hill University

2018 – 2021

Experience

Internship (Full Stack Web Developer)

Brillica Service

November 2022 – April 2023

Dehradun

- Developed backend functionality by implementing APIs and server-side logic using Node.js and Express.js, ensuring smooth data handling, routing, and integration with databases.
- Developed responsive frontend components using HTML, CSS, and JavaScript
- Collaborated with team members to ensure seamless integration of frontend and backend functionalities
- Assisted in debugging and troubleshooting frontend issues to optimize user experience

Projects

Authentication and Authorization Service

- Created a backend service focused on user authentication and authorization for a web application.
- Built secure user registration, login, and password reset functionality.
- Implemented email verification and password strength checks. Generated JWT tokens to manage user sessions and permissions.

Portfolio Website

- Created a professional portfolio website using React.js, MongoDB, Express.js, and Node.js
- Incorporated login functionality to personalize user experience and showcase projects effectively
- Employed best practices in frontend and backend development to create a seamless website

Desktop Virtual Assistant

- Designed and implemented a virtual assistant with a GUI interface using Python
- Integrated with MySQL database hosted on XAMPP server for efficient data management
- Demonstrated creativity and innovation in developing an interactive and user-friendly application

Technical Skills
